

PAVE A PATHWAY TO POTENTIAL

Send a message of love and hope to the children and families of Youth In Need by joining our "Gift with a Brick" campaign. Through your purchase of a brick, you will have a permanent link to yesterday, inspiration for tomorrow and the knowlege that you have helped children and families acheive their potential.

Youth In Need's 6,000-square foot Monsanto Fund Science Discovery Garden is located at the agency's central office (at 1815 Boone's Lick Road in St. Charles). The outdoor garden classroom will engage children of all ages in learning about plant life, agriculture and sustainable ecology. Engraved bricks are placed throughout the garden's pathways, allowing you to recognize and give tribute to children, parents, grandchildren or other special events.

Engraved bricks are \$125 each. Brick sponsors will receive a personal recognition certificate. If you choose a brick as a gift for someone special, Youth In Need will send the recipient a special certificate on behalf of your generosity. (The dollar amount will not be disclosed.)

Brick by brick, you can make a difference!

Yes, I would like to purchase ____ engraved bricks. (For additional bricks, please enclose your engraved message on a separate piece of paper.)

Donor's Name: _____

Address: _____ Phone: _____

City: _____ State: _____ Zip: _____
